

CASCARETS CURE HEADACHE, COLDS, CONSTIPATION

**TONIGHT! CLEAN YOUR BOWELS
AND STOP HEADACHE, COLDS,
SOUR STOMACH.**

Get a 10-cent box.
Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, colds, constipation, a bad cold, bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?
Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.
Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

IS YOUR HAIR 'GHT FORTH NEW FALL STYLES?—By Lois

You will delight in arranging your hair in the new and interesting modes of this season if you are among those who keep their hair perfectly soft and appearing naturally heavy by use of a shampoo that makes it very fluffy. Do not take chances with some makeshift or unknown soap mixtures. I have tried many in search of the best, cheapest and easiest to use and finally have decided to always use canthrox, which is made for shampooing only and is so beautifying in its effect upon the hair. I get it at any good drug store and one package lasts so long that it is the most economical shampoo I can get and my first trial convinced me that it was the most easily used. In clearing the scalp and hair of all dandruff, dirt and excess oil, its delicately perfumed lather gently permeates to the hair roots and not only takes loose dirt but dissolves all the oil accumulations so they are rinsed out and the hair is rubbed and scoured out, as with soap and so many cheap washes. My hair is now so fluffy that it seems much heavier than it is naturally.

HITS NEW LONDON HARBOR APPROPRIATION.

Cut in Rivers and Harbor Bill Takes Off \$100,000.
The cut in the river and harbor appropriations made by congress will hit the Connecticut harbors slated for future improvement a hard blow. New London is hit harder than any of the other state harbors for which appropriations were asked. New London losing \$100,000 of the amount asked for made in the appropriations asked for the several harbors are as follows:
New London, from \$170,000 to \$70,000; Bridgeport, from \$115,000 to \$30,000; New Haven, from \$70,000 to \$30,000. This does not look as though the government considered this a very good year in which to expend the state in developing its \$1,000,000 harbor in New London.

BENJAMIN SPROWSON'S BODY FOUND IN CANAL

Baltic Mill Boss Carried Missing Since Saturday Night.
After a search which lasted many hours, the dead body of Benjamin Sprowson was found at the bottom of the canal at the rear of the Baltic mill, about half past five on Tuesday morning. Sprowson had been missing since last Saturday night, and Sunday morning his body was seen floating in the canal, which led to the belief that he had committed suicide, so Tuesday night the water in the canal was drawn off and as soon as there was light enough Wednesday morning the search was taken up, which resulted in the finding of the body.

The face of the dead man was somewhat lacerated, owing to the drag process employer earlier. His watch was stopped at a quarter to seven. This time is accounted for by the following story: A man who was going up the river early Sunday morning told Sprowson standing near the bulkhead and he told the time was about half past six, so it is thought that Sprowson might have thrown himself in shortly after this incident.

As soon as the discovery was made the coroner was notified, and gave permission for the removal of the body.
Sprowson, who was about 34 years old, was the boss carter in the Baltic mill, and his death remains a mystery, but it is thought that he was despondent over the ill health of his wife, who only recently had recovered from a long illness where she underwent a surgical operation. He was a man about whom little was known, as he was of an extremely reticent nature, and it is known whether he was subject to fits of insanity or not.

He is survived by his wife and three little children. His wife is suffering over the sudden calamity which has befallen her. She has the sympathy of the entire community in her hour of deep grief.

Home Complexion Peeler Works Wonders

To keep the face, neck, arms and hands truly beautiful and youthful in appearance, the treatment which seems most sensible is one which will actually remove the skin itself immediately it begins to age, fade, coarse or discolor. The only known treatment which will do this, aside from a painful, expensive and dangerous operation, is the application of ordinary mercurized wax, which is as harmless as it is effective. The wax is put on at night, just as you apply cold cream, and washed off in the morning. It absorbs the dead and half-dead surface skin in almost invisible flaky particles, a little each day, the discoloring being experienced. With the disappearance of the old cuticle, the newer, healthier skin underneath gradually appears. This mercurized wax, which you can get at any drug store in original packages, is indeed a veritable wonder-worker.
